**IPH SAICF**

## STEEL ROPES RECORD AND TECHNOLOGICAL INNOVATION

**IPH** is a company engaged in the manufacturing of steel ropes for hoisting and load movement, thought to meet the requirements of the most diverse and demanding activities.

Thanks to the ongoing investment in technology, research & development, and staff training, **IPH** produces and exports reliable products that meet the highest international standards.

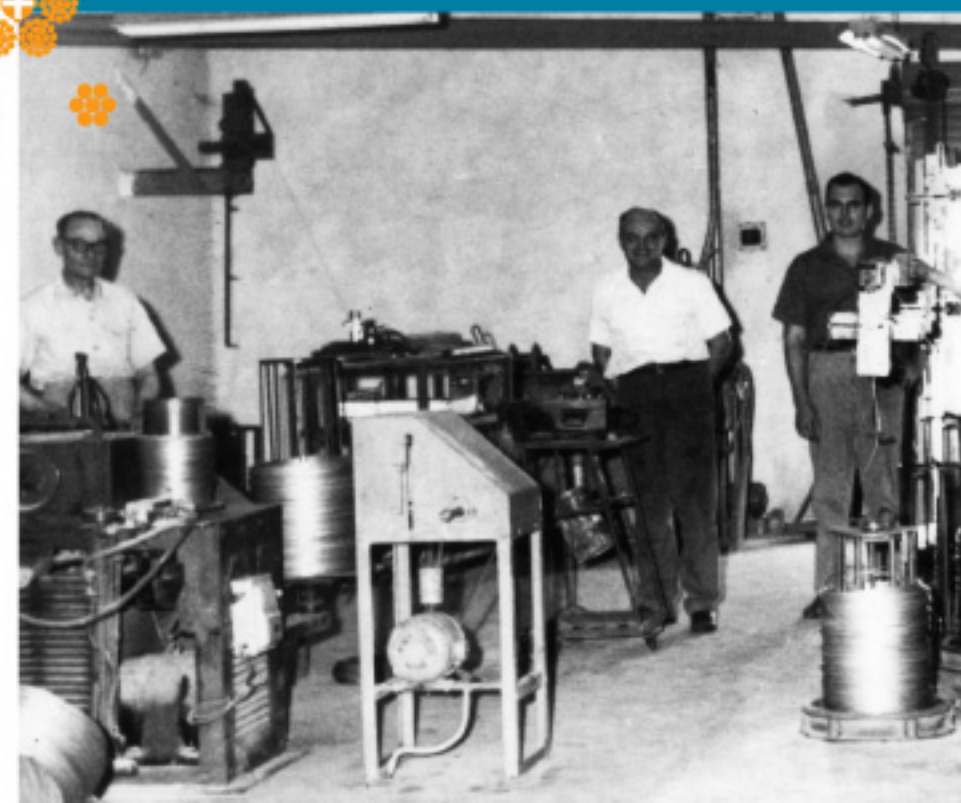

In **IPH** we understand that the concept of Quality truly reflects our customers' satisfaction. This vision includes all our company's sectors and represents an overriding commitment in our daily performance.

This is the way we have passionately taken since we made our first steps.

## OUR HISTORY

**IPH SAICF** was born in the '40s along with the Argentina's mid 20th Century industrial development. In the late 60's it starts its turnaround process and, without overlooking its family business origin, faces its expansion with a renovating and totally professional approach. In the 80's and 90's it consolidates its industrial model, being differentiated by strong investments in facilities, technology, research and development.

## IPH IN THE WORLD

In addition to the Company's leadership in the Argentine market, 30% of its production is distributed in MERCOSUR and other American countries such as Peru, Ecuador, Bolivia, Panama, Chile, Colombia, Dominican Republic, Venezuela, México, Canada and United States. In Europe, the company is present in Spain and Italy, and in Asia in China.

In San Pablo, the subsidiary **IPH do Brasil** has been operating for over 12 years, with a modern Sales Center of 2.000 m<sup>2</sup> geared towards customer service.

**IPH. Attitude of evolution.**

## CUSTOMER SERVICE

For **IPH**, customer service is more than a phrase. All customers are advised in detail on each product and on the technical resolution of specific applications, on a case-by-case basis. Focusing on the efficient and safe operation of its products, **IPH** offers an extensive updating program: **IPH: QUALITY FOR SAFE HOISTING** and direct users' training. The "**IPH Report**" is also available, an issue with a wide range of information about the world of movement and hoisting that is distributed to several customers and users .
